

NEED SIMPLE PAY PER VIEW STREAMING MEDIA A/V SOLUTION?

ABOUT JAMONCAM

JamOnCam is the most complete streaming media solution available. With JamOnCam you can deliver LIVE audio video Chat right from your website.

Our pay per view solutions require no download, little technical knowledge, and can be setup as a pay-per-minute, pay per month or pay per unit streaming portal. Offer education or self help seminars on video media.

Incorporate the JamOnCam solution into your website now. Allow people to communicate with each other, while broadcasting LIVE and recorded video and audio content with just a few clicks.

GENERAL FEATURES

- 2-way audio/video communication
- Real time communication between multiple users
- Multiple chat rooms supported
- Easy and fast installation on any streaming server
- Categorized chat rooms (private, public, VIP, stadium audience)
- Multilanguage versions available
- High quality of streamed video/audio content
- Automatic adjustments to users' bandwidth

COMPLETE PAY-PER-VIEW SOLUTION

Since 1999 we have been building video on demand interactive chat portals. Monetize your website by adding LIVE or VOD pay per view consultation services.

NO SPECIAL SOFTWARE INSTALLATION NEEDED

Thanks to the latest Adobe Flash technologies available, users won't need to download or install complicated software to their computer in order to use JamOnCam. Your users may instantly communicate live with LIVE chat hosts from around the world.

ALTERNATIVE PAYMENT SOLUTIONS

Receiving payments from your users is fast and easy. Set your own pay-per-view, pay-per-month, pay-per-minute rates and start making money today.

HIGH QUALITY HOSTING SERVICES

Receive crystal clear audio and video streaming by hosting your new software at our streaming facility. We service many clients that demand fail-over protection across multiple dedicated Flash Media Servers.
